

During the winter months, St. John's students will **RESPECT** the following rules regarding snow.....

1. Nobody owns the snow but God - it is there for all to enjoy.
2. No throwing snow at people. You are welcome to throw snow at the snowball targets (if/when they are available).
3. If you see a snow fort, snowman or snow boulder - **RESPECT** what someone else has worked hard to create.
4. If you make a fort, boulder or snowman, please do not exclude people. If you want to join the making of any of the above, please use your words if you wish to be part of the building (example: can I help build the fort?)
5. Please remember **RESPECT** for others and for property.
6. Stop and **THINK**...
